

ABOUT US

Healing with Horses Ranch provides safe, affordable Equine Assisted Learning (EAL) to individuals with physical, cognitive and emotional challenges to promote healing and independence.

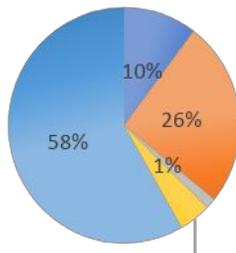

It is a place where horses heal...body, mind, and soul.

We have a variety of equine supported programs that include:

- Resilience Riders for at-risk youth
- Therapeutic Riding for individuals with disabilities
- Heroes with Horses for veterans

With support from private donors, grants, and our community, we fulfill our mission and promote healing in union with our equine team.

2017 Funding Sources

■ Corporate ■ Individual ■ Direct Sales ■ Grants ■ Program fees

Youth

Adriel

Adriel has truly enjoyed going to the ranch this last year. He has learned a lot about horses and how they can help us. He is very comfortable with the horses and is learning quite a bit about non-verbal communication. His social skills at school and other places have improved and he has become better with handling his feelings in negative situations with his peers and teachers. Adriel feels at home at the ranch and wants to spend more time there. His time at the ranch has peaked his interest in horses and he is considering a career path working with horses.

Adult

Bill

Therapeutic riding has made a big difference in my life both physically & emotionally. After coming to Healing with Horses Ranch, I am a true believer and have seen the proof that Horses Heal.

SUCCESS STORIES

Veteran

Edward

Having been around horses off and on since I was 15, HWHR horses has the most gentle and "forgiving" equines I have ever experienced. The animals seem to "read" us humans in ways people can not.

Volunteer

Zoe

I've always loved horses and working with people so as soon as I had a car it just made sense to start volunteering at Healing with Horses Ranch. You can really tell that everyone there cares about the people and the horses. Safety is taken seriously, so as long as it's safe they're flexible with doing what each person would benefit from the most. I recently started college in a different city and have tried volunteering at multiple other therapeutic riding places but none of them can compare to here. The sense of community that Healing with Horses creates is one of a kind.
